Team04 Project

Management on Schools

New Office

Revamped and Remodeled

Presentations are tools that can be used as lectures, speeches, reports, and more.

JIRA

Raporlama araçları sayesinde projemizin ilerlemesini detaylı bir şekilde analiz edebildik.

Proje yönetim süreçleri hem daha etkili hale geldi hem de ekip içi iletişimini güçlendirdi.

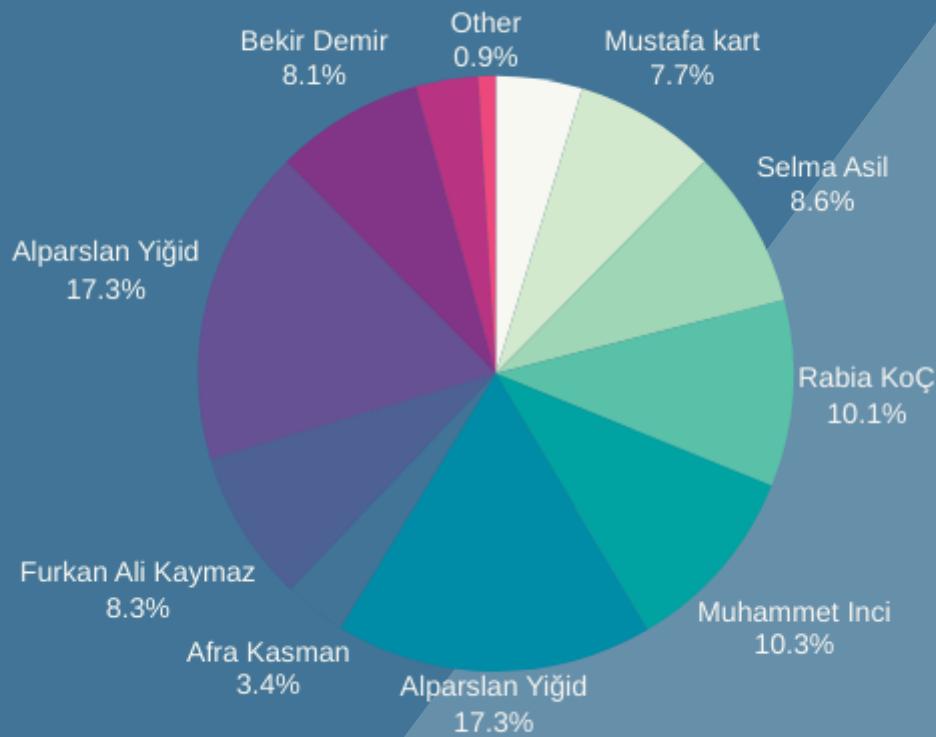

Projenin ilerlemesini burn down chart grafiği ile takip ederek görev dağılımını ise pie chart report ile gözlemedik.

Atlassian tarafından yönetim aracı olarak geliştirilen jira projenin tüm aşamalarını izlememize ve görevleri belirlenen kişilere atamamıza kolaylık sağladı.

Presentations are communication tools that can be used as demonstrations, lectures, speeches, reports, and more. Mostly presented before an audience, it serves a variety of purposes.

COMPANY SERVICE

Identifying business problem

Promoting your brand

Make a business plan

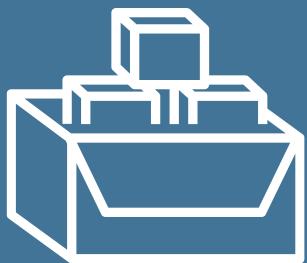

Help you growing your business

OUR ADVANCE

To create a stunning presentation, it's best to simplify your thoughts. Start with an outline of topics and identify highlights, which can be applied to whatever subject you plan on discussing. You can then organize them into your introduction, your main content, and your conclusion.
